

BOROUGH OF INDIAN LAKE

RESOLUTION NO. 2003-2

THIS RESOLUTION, approved and adopted by the council of Indian Lake Borough, Somerset County, Pennsylvania, on the date here forth.

WITNESS TO:

WHEREAS, Section 7503 of the Pennsylvania Emergency Management Services Code, 35 Pa. C.S. Section 7101 et seq. mandates that Indian Lake Borough prepare, maintain and keep current an emergency operations plan for the prevention and minimization of injury and damage caused by a major emergency or disaster within this Borough; and

WHEREAS, in response to the mandate stated above, this Borough has prepared an emergency operations plan to provide prompt and effective emergency response procedures to be followed in the event of a major emergency or disaster; and

WHEREAS, this Borough has also prepared an emergency operations plan in order to reduce the potential affects of a major emergency or disaster and to protect the health, safety and welfare of the residents of this Borough;

NOW, THEREFORE, we, the undersigned Council of Indian Lake Borough do hereby approve, adopt and place into immediate effect the Emergency Operations Plan of Indian Lake Borough. This Plan shall be reviewed every two years to make certain that it conforms with the requirements of the Somerset County Emergency Operations Guideline.

RECORD OF CHANGES/UPDATES

1. PURPOSE

The purpose of this plan is to prescribe those activities to be taken by municipal government and other community officials to protect the lives and property of the citizens in the event of a natural, technological or terrorism emergency or disaster and to satisfy the requirements of the Pennsylvania Emergency Management Services Code, (35 Pa. C.S. Section 7101 et seq.), as amended, to have a disaster emergency management plan for the municipality.

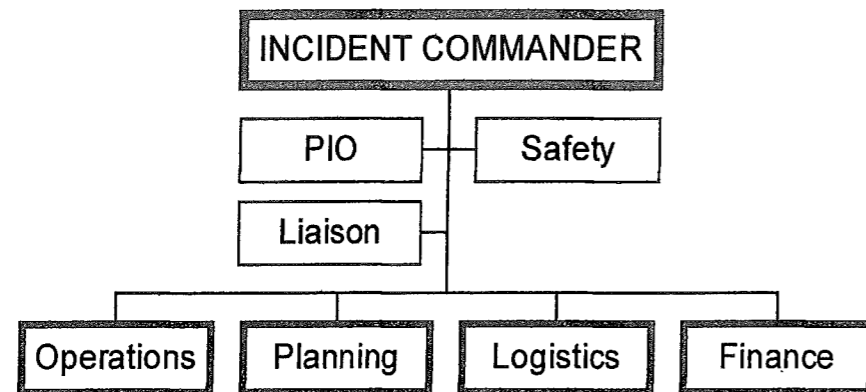

2. SITUATION AND ASSUMPTIONS

- A. The community is subject to a variety of hazards. According to the county Hazard Vulnerability Analysis, the most likely and damaging of these is summer/winter storms.
- B. Historically, all areas and populations of the Borough are vulnerable to the effects of these hazards.
- C. Training, response checklists and other accompanying documents are based on the statements in 2A. & B. of this plan.
- D. Adjacent municipalities and other governments will render assistance in accordance with the provisions of intergovernmental and mutual aid support agreements in place at the time of the emergency.
- E. When municipal resources are overwhelmed, the county Emergency Management Agency (EMA) is available to coordinate assistance and help satisfy unmet needs. Similarly, if the county requires additional assistance, it can call on mutual aid from adjacent counties, its counter terrorism task force, or from the Commonwealth of Pennsylvania. Ultimately, the Commonwealth can ask the federal government for assistance in dealing with a major disaster or emergency.

3. CONCEPT OF OPERATIONS/CONTINUITY OF GOVERNMENT

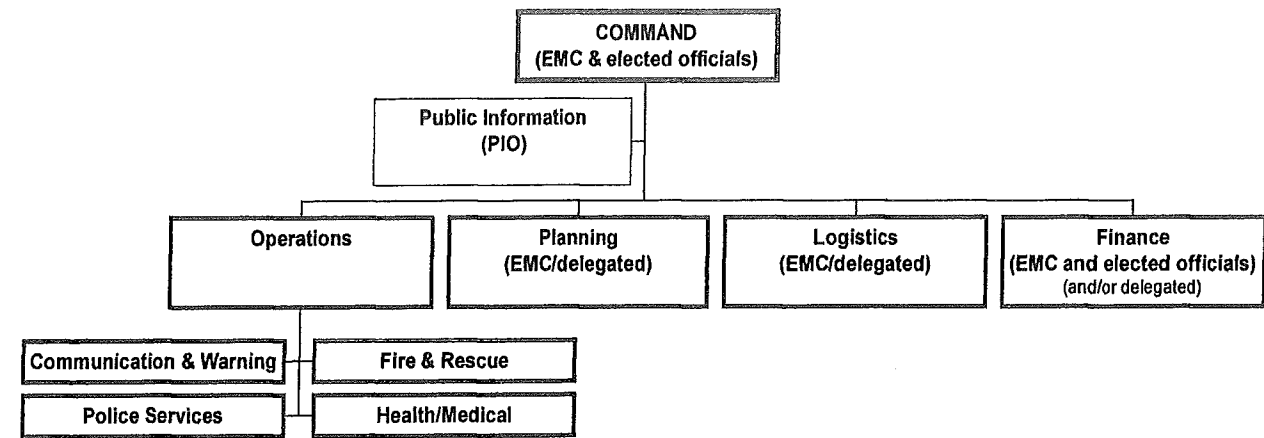

- A. The Indian Lake Borough Council is responsible for the protection of the lives and property of the citizens. It exercises primary supervision and control over the four phases of emergency management (mitigation, preparedness, response and recovery) and activities within the municipality.
- B. A municipal Emergency Management Coordinator (EMC) is appointed by the governor and shall act on behalf of the elected officials. An Emergency Operations Center (EOC) has been designated by the municipality, and may be activated by the EMC or the elected officials during an emergency.

- C. This plan embraces an “all-hazards” principle: that most emergency response functions are similar, regardless of the hazard. The EMC will mobilize resources and personnel as required by the emergency situation.
- D. The EMC and elected officials will develop mutual aid agreements with adjacent municipalities for reciprocal emergency assistance as needed.
- E. Whenever possible, emergency response by the municipal government will follow the Incident Management System (IMS) delineated below.

1. The Incident Commander (IC) at the incident site will be from fire, police, or emergency medical services, dependent upon the nature of the incident.
2. The ICS should have:
 - a) a manageable span of control (3 to 7 staff; optimum is 5);
 - b) personal accountability (each person reports to only one person in the chain of command); and
 - c) functional positions staffed only when needed (responsibilities for any positions that are not staffed remain with the IC).

When the municipal EOC is activated, the EMC or designee will coordinate between the IC and the county EMA. Whenever possible, and to ensure consistency with operations at the incident site, the EOC will also follow an incident command structure. The EMC will assume the role of Command and, initially, all of the remaining roles. As additional staff arrives at the EOC, the EMC may delegate activities to them. Suggested EOC configuration is:

F. Continuity of government procedures are specified in the Elected Officials checklist.

G. When the EMC receives notice of a potential emergency from the federal Homeland Security Advisory System or from National Weather Service watches and warnings, partial activation of the EOC in preparation for the emergency will be considered.

4. ORGANIZATION AND ASSIGNMENT OF RESPONSIBILITIES

A. COMMAND

Elected Officials:

1. Are responsible for establishing a municipal emergency management organization;
2. Provide for continuity of operations;
3. Establish lines of succession for key positions;
4. Designate departmental emergency operating centers and alternatives;
